The Solstice SS

Sleek and efficient, you can rely on the Solstice SS to get you there in comfort and speed.

The Solstice SS (Super Sport) is the smallest sister to the Solstice ST. Lively and fun, the Solstice SS is ideal for the smaller paddler or someone wanting a highly efficient kayak. It slices quietly and cleanly through waves with superb tracking and a long glide. The SS gives you the comfort and predictability of the popular Solstice design with an added quickness that's hard to resist!

This slender kayak in the Solstice line lets you challenge the rough stuff or cruise the backwaters in style - a great choice for all conditions. Sleek and efficient, it is recommended for people between 100 - 170 lbs.
